CLASS DESCRIPTION

HOW TO STUDY THE BIBLE: This course is designed to reveal the importance of studying God's Holy Word and to encourage and assist each student in discovering and developing a study method that will become a consistent part of his/her life in Christ.

SOUND DOCTRINE: This class is intended to equip the student of God's Word with the basic doctrines of Christianity. As students and ministers of the Word of God, we need to know what we believe and why we believe it. This class will also touch on the identity of man as being spirit, soul, and body, and how to better work in obedience to God's Word.

FAITH: The Word of God reminds us four times, "*the righteous shall (must) live by faith.*" This is not a suggestion, but a commandment. This class will lay a foundation of the principle workings of faith: What is faith? How does faith grow? How does faith bring victory? How do I maintain victory through faith? How does faith relate to healing?

NEW TESTAMENT SURVEY: This course will give insight into the content and themes of some of the major books in the New Testament. This course is designed for the student to obtain a better understanding of who Jesus is, why He came, what He accomplished, and how we are to live.

PRAYER: The first essential element of any service, program, or event must be prayer. Prayer gives us direction and instruction in our Christian life. In this class we will look at the different aspects of our communion with God through prayer.

ROMANS: This class introduces students to Apostle Paul's letter to the Romans - one of the most important books in the Bible; it is sometimes referred to as the Gospel according to Paul. This course will focus on the text of Romans with a view toward providing an in-depth understanding of its primary themes and application to our lives.

EVANGELISM: A practical course in the how's and why's of witnessing. You will receive the tools and equipping to be an effective Christian witness. You will be shown how to confidently use your own gifts and unique personality to speak with someone about coming to Jesus with confidence.

COVENANTS: This class will tie together all the covenants established by God with His children and take you into a deeper understanding of your covenant rights as God's child.

THE HOLY SPIRIT: This class will examine the personality of the Holy Spirit and His ministry. Not only will we examine His ministry to the Body of Christ at large, but also to us as individual believers.

OLD TESTAMENT SURVEY: This course is an exciting journey through the Bible involving real people. It is a study of the people whose biographies have been preserved by divine inspiration in the Word of God. *"All these things happened to them for examples; and they are written for our learning..."* (I Corinthians 10:11).

LEADERSHIP: This course will explain what biblical leadership is and your role, responsibility and conduct as a leader in your family, church and community.

BIBLICAL FEASTS: Learn how the feasts of the Old Testament reveal Jesus Christ in the New Testament. Make the journey with Jesus and His disciples on the last days of His life as He fulfilled all prophecy foretold in the feasts.
